Also our inspirational young people's classes never disappoint us and especially our miniature gardens! Many congratulations to all our exhibitors in this year's show; it's fantastic that you continue to enter and impress us year after year and we are delighted that we have new exhibitors this year too!

Enjoy all the usual attractions on site including back by popular demand, the

dog display team from West Lancs in our main arena, the Food Makers market and KCC Live Stage area with live music entertainment from local talent. Don't miss the huge Craft Marquee and the Healthy Lifestyles and Environment area in the Forget Me Not Garden.

# Anthony Ratcliffe: Of Time and Tide

Of Time and Tide

## Kirkby Gallery, Knowsley

**Of Time and Tide** is a stunning new exhibition by artist and printmaker Anthony Ratcliffe, consisting of recent commissions and projects looking at remote British Landscape from mountain top to shoreline.

Anthony's work extends geographically from Shetland, Northwest Scotland, Cumbria, North York Dales and Moors, Dark Peak and the Mersey estuary. Shipwrecks, abandoned fishing stations, tree forms, island shorelines, watercourses and mine workings are captured in watercolours, woodcut prints and artists books, alongside displays of supporting material and sketchbooks.

*Most of my work is underpinned by the desire to discover things in seemingly bare and remote landscape, usually this starts with maps, literature, historically documented explorations and archaeological discoveries. As part of the exhibition, I thought it would be interesting to apply this approach to parts of the Mersey estuary.*

*After some research and visits to Formby, Crosby and Ainsdale I became interested in the shipwreck remains which appear at low tide, known as the mussel wrecks, the reappearance of the remains of Harrington Barracks at Formby and the blitz beach at Crosby.*

*The series of watercolours and woodcut prints will visually explore some of these features against the backdrop of the busy estuary, random beach detritus and the broad western facing skyscape.*
